

Three Senior Agents Leave Marcus & Millichap to Form New Commercial Brokerage & Investment Company

By ACRE Investment Real Estate Services

Dated: Jan 14, 2010

Three senior agents leave Marcus & Millichap's San Diego office to open ACRE Investment Real Estate Services, with offices in North San Diego County, Central San Diego, and Los Angeles.

Three senior agents have left Marcus & Millichap's San Diego office to form ACRE Investment Real Estate Services, with offices in North San Diego County, Central San Diego, and Los Angeles.

Bill Anderson, Chris Robinson, and Craig Stewart have joined forces to create a full service brokerage company specializing in San Diego County apartment brokerage, property management, and financing. With their combined 40+ years experience in apartment brokerage and property management, and sales over \$500 million, the founding members of ACRE are uniquely qualified to provide investment advice, buying and listing services, commercial financing, and property management.

ACRE's goal is to increase our client's wealth and cash flow through personal attention to service and investment advice.

Craig Stewart has over 20 years experience in apartment brokerage and management. Craig literally started at the bottom, working his way through college as an apartment maintenance manager, eventually overseeing a large property management company with over 500 units under management. After obtaining his MBA, Craig left the apartment management business to take a position as Vice President of Product Development at Mail Boxes Etc. Craig decided it was time to jump back into apartment brokerage and management when UPS acquired Mail Boxes Etc. Since his return to the brokerage business, Craig has sold over \$250 million in commercial real estate.

William Anderson is a Senior Vice President and a Principal at ACRE. In addition, Bill acts as the co-director and broker for the North County ACRE office. After graduating with a Business Finance degree from the University of San Diego, Bill became a licensed Financial Consultant for a major New York investment firm. After 6 years of advising, he shifted his interest to investment real estate and went on to earn an international MBA degree. He then worked for many years as a Senior Associate with Marcus & Millichap's national apartment group where he represented more than \$200 million in investment real estate.

Chris Robinson runs the Central San Diego office located in Mission Valley. A native San Diegan, Chris Robinson has exemplified himself as a true businessman in the field of commercial real estate. With 8 years under his belt at a previous national brokerage company, Robinson has sold / closed over a quarter billion dollars in apartment transactions. Chris spent his childhood around the apartment business and dove into the brokerage side at age 22 after graduating from UC Santa Barbara, where he studied Economics. Chris is a principle in several investment properties throughout California and is leading a newly formed syndication group in the acquisition of local apartments. Chris believes in the philosophy of conservative consistency to accumulate steady wealth in the apartment business.
